2. Concerned issues for 2010~2013

2.1. To implement the concerned issues of school for this academic year:
   (i) Spread the ideas of holistic education in Christianity among teachers in order to cultivate our students to achieve all-rounded whole person development in a meaningful, goal-oriented and healthy way.
   (ii) Make good use of opportunities generated from the NSS to optimize the effectiveness of learning and teaching.
   (iii) Strengthen the effectiveness of teaching and learning by using English as the medium of instruction.

2.2. To fulfill the theme of learning in the current academic year:
   Seek the Truth
   Plan your Future
   Love others as you love yourself

2.3. Subject-based:
   To provide more stimulation in high order thinking by organizing different kinds of activities, e.g. encourage students to run a sale booth at "New Year Market in Yuen Long" by the end of this lunar year.
