The English Environment in
Stewards MKMCF Ma Ko Pan Memorial College

A. Our Goals

1. Develop students’ genuine interest in language learning by creating an English language-rich environment through different activities in the campus
2. Facilitate students to use English outside school to learn English effectively
3. Assist the school in enhancing the effectiveness of English learning and teaching

B. Our Main Strategies (12-13)

1. Organizing a variety of English activities to create an English language-rich environment in the campus
   - Organize English morning assemblies (once a cycle) in which representatives of different classes in MKP will present their ideas to their schoolmates and teachers will share their thoughts with students
   - Develop students’ lifetime reading habits and organize a number of book report competitions in the campus
   - Run a variety of activities on 7 English Days and 6 LAC Days
   - Organize English Speaking Days (once a month) in the campus. Teachers and students will speak in English outside classroom
• Run the English Society and make it a platform for students to join campus English activities and use English outside school
• Set up a reporting system for S.1 and S.2 students’ participation in English activities
• Facilitate students and teachers to use English to make school announcements and decorate their boards in the campus
• Set up an English Reading Aloud Scheme for students
• Ready to organize any ad-hoc English-related activities

2. **Enriching students’ English learning outside school**

• Facilitate students to join different territory-wide competitions
• Organize at least one study tour for students
• Send students’ articles to newspapers
• Organize exchanges with students in other schools
• Organize at least 10 out-of-school English activities (e.g. UNESCO, Rotary Club, etc.) for students per month (Sept – Dec & Feb – July)
